IMPORTANT NOTES

Please remember to bring extra keys for entrance to your vehicle at the end of your trip, whether you request the keys to be locked inside or outside the vehicle. While we make every effort to accommodate your key requests, we are human, mistakes can be made, miscommunications can occur and/or keys can be lost or stolen due to circumstances outside our control. For that reason, we cannot be held responsible for lost or stolen keys. It is always better to have an extra key, vs. no key at all!

Please make sure the change has been acknowledged/confirmed so that there is no miscommunication and the vehicle/keys are where you want them when you want them.

Changes written on this form only may not be recognized and adhered to, as the main purpose of this form is to provide proof that the driver is authorized to drive the vehicle in the event they are pulled over. For that reason, the form is often left inside the car during transport and may not be reviewed for changes.
